Open Ended Questions - Examples and Suggestions

What has this professor done especially well in teaching this course?

Great communication and teamwork skills.

I professor was very communicative and understanding

She offers great resources, she guides you in the right direction on where to go on projects, she meets to discuss ideas and suggested her own to make a clear path on where an assignment is going and she's great communication.

She was very helpful in encouraging us in succeeding.

The professor gave some specific and detailed information about this class.

Wonderful at communicating directions as well as listening to the students for ideas.

How might this professor improve this course and the class interactions?

I think a way to improve this class is to have more student involvement

It's good now.

It's hard to say since this was online, hopefully I'd get a more comprehensive understanding of how she teaches if we were in person. I think she did a great job of including everyone.

This was my first experience in doing an entire class through Zoom but I felt it went well. I saw nothing that stands out that requires work.

Enjoy the class but wished it was in person

Enjoyed the production and process. She has a great personality and works well with others. Has a wonderful vision and cares for her students.

I loved this class and working with her so much. I can't wait for the next opportunity.

I would certainly take classes from this professor again and look forward to doing exactly that.

Keep being the great Professor that you are because you do an amazing job already.
